To Whom It May Concern:

On behalf of WaterAid and the communities across Africa and Asia with whom we work, I write to thank you for your cash contribution of \$ 100 on 6/23/2006.

Your support is very important to us. More than a billion people in the world still lack access to safe water and sanitation; without these basic necessities, it is nearly impossible for them to escape from the cycle of poverty and disease. Your donation will help us to provide safe water, sanitation facilities, and hygiene education to the most vulnerable people in the developing world, most who live on less than one dollar per day.

Last year, WaterAid expanded its efforts worldwide to serve a total of 17 countries. With the growing support of people like you, WaterAid can now expect to provide one million people each year—more than any other organization—with the health and economic benefits that safe water ensures.

For your records, I acknowledge that no goods or services were provided in exchange for this contribution. If you have any questions at all about our work or would like some further materials, please do not hesitate to contact me.

Thank you again for your support.

Sincerely,

A handwritten signature in cursive script that reads "Alice".

Alice Eaton

WaterAid is an international nonprofit organization dedicated exclusively to the provision of safe domestic water, sanitation and hygiene education to the world's poorest people
